Concealed Identification Form

* = **Required Field**

The accuracy of this form is of critical importance in providing information that AIA NY will use in publicizing the winning projects. Credits on the award citations in *Oculus* magazine and in the Center for Architecture's Design Award exhibition will be based on this form. **Any errors or omissions will be the responsibility of the entrant.**

Full credit must be given. If more than one architect is credited for a single project, the order and credit in which names are listed on this form will be the official sequence. The forms will not be viewed by the jury until after all judgment has been made.

If more space is required to list all contributing Firms and/or Associate Firms/Owners/etc...you may list these on a separate document to be included as the last page of the single PDF file uploaded in the next section (All Concealed ID Forms Upload) with your Copyright and Release Forms. Please type in "See additional list" in the appropriate fields.

Please note that when crediting Honor Award recipients in publications and citations, it is the policy of the American Institute of Architects to list only the Architecture Firms associated with the project, not individuals.

I confirm to the accuracy of the information supplied for the concealed identification forms.
